He listed the Pine Tree shilling of Massachusetts as one of the first and finest of the American-made coins, said a complete collection of the 132 commemorative half dollars made by the U.S. is currently valued at about \$5,000 and reported that the Gettysburg half dollar of 1938 is currently listed at about \$42.

MORO FAILURE BRINGS ITALY INTO CRISIS

ROME (AP)—Aldo Moro gave up his efforts to form a center-left government today, plunging Italy into grave crisis less than two weeks before a scheduled visit by President Kennedy.

Moro told Italian President Antonio Segni that his coalition of Christian Democrats, Republicans and Democratic Socialists had agreed upon the new government, but were dismayed by the last-minute walkout of Pietro Nenni's Marxist Socialists.

That walkout, dramatic and unexpected, caught Nenni in the middle. He had urged his party's Central Committee to accept parliamentary support of the center-left regime.

NENNI GROUP SPLIT

Nenni's own strong faction in the party split and the dissidents switched to the side of left-wing extremists who openly favor a return of cooperation with the Communists.

The split cost Nenni his majority control of the party's Central Committee. It might cost him control of the party and force the onetime Stalin prize winner, who broke with communism, out of leadership.

"Come Blow Your Horn" by Neil Simon, which kept New York audiences laughing for 85 weeks, opened the season at Totem Pole playhouse, Caledonia, Saturday evening when William H. Putsch, producer-director, presented it to an invitation audience.

Arden Kiser plays the irate father, a successful manufacturer of waxed fruit, Damien Martin, who has appeared on the Jackie Gleason show and is a newcomer to Totem Pole, proved to be a good actor in the role of Buddy Baker, the kid brother who comes to live with his brother to seek independence and romance. Jean Stapleton, as the boys' mother, keeps the audience laughing with her unexpected appearances and her "nauseous" health.

Joan DuBrow and Nancy Foster, two very pretty and smartly dressed girls, play Peggy Evans and Connie Dayton, who are caught up in the brothers' romantic entanglement. Mildred Hornbaker, Chambersburg, plays the boys' Aunt Gussie.

The production will play nightly through June 22 with a matinee at 2:30 Wednesday.

STEEL TALKS FAIL TO YIELD INDUSTRY PACT

By W. A. SWARTWORTH

PITTSBURGH (AP)—The Steelworkers Union said today months of informal talks had failed to produce any contract agreement with the basic steel industry.

David J. McDonald, president of the United Steelworkers Union, told newsmen after a 35-minute session of the International Wage Policy Committee, "We have not cleared any decks on either economic or noneconomic matters."

McDonald said he had hoped to have recommendations for the Wage Policy Committee to act upon. "Today I have the recommendations," McDonald said.

WILL SET MEETING

The union president said he would get in touch with the steel industry immediately and attempt to arrange another meeting of the joint labor-management Human Relations Committee.

"I have not given up hope," McDonald said, "I never give up hope."

McDonald said the 34-man International Executive Board would meet again at 11 a.m. Wednesday, presumably in anticipation that he might have something new to present. The 164-member Wage Policy Committee will meet at 2 p.m. Wednesday.

McDonald read his remarks to newsmen from notes, and declined to answer any questions. He thus left unanswered the vital issue of whether the Steelworkers Union would call for formal reopening of basic steel contracts.

McDonald said the Human Relations Committee, set up in 1960 to explore mutual problems, had held "hundreds of meetings" since last January, and "very intense meetings for the past few weeks."

Despite this, McDonald said, "I want to make it absolutely clear that we have no final understanding in the Human Relations Committee on any of the matters which have been under discussion."

"AS SHADOWS FALL"

Here in the mystic twilight . . . here as the shadows fall . . . I ponder on warm friendships . . . so far beyond recall . . . in reverie I wander . . . back into yesterday . . . opening my heart to memories . . . which have gone astray . . . where are the pals of childhood . . . the loves of yesterday . . . so many times I think about . . . those I used to revere . . . perhaps our paths will cross again . . . I hope this comes to be . . . but until this may happen . . . I'll drift in memory . . . of all the happy carefree times . . . now way beyond recall . . . here in the mystic twilight . . . here as the shadows fall.

PREPARE FOR DRESS REVUE

Girls between the ages of 14 and 21 and who have been in 4-H Club work three years may enroll in the 4-H dress revue program. A meeting of the girls will be held this evening at the extension office at 111 Baltimore St. at 7:30 o'clock.

Dress revue is one of the national 4-H awards programs. It is designed to teach girls the art of selecting styles, colors and fabrics suited to their wardrobe needs and to their individual personalities. Besides learning to improve their sewing skills, girls develop poise, self-confidence and good grooming habits. They learn to work and play with others and develop leadership qualities.

Girls enrolled in the 4-H dress revue program will model the garments they make in this summer's projects at the county roundup, August 16. Six girls who were 14 years old as of January 1, 1963, may be selected to represent Adams County at the regional revue. The regional revue will be held August 2.

The winner from each of the five regions in the state will compete for honors August 29 at the Pennsylvania State University. The state winner will get an all-expense trip to the 1963 national 4-H Club Congress in Chicago. Club members may get more details on the dress revue program from their local 4-H leaders or from Mrs. Helen D. Tunison, agricultural extension office.

KENTON WILL PLAY HERSHEY

HERSHEY, Pa.—Stan Kenton, long renowned for heading one of the most colorful orchestras in the country, brings his New Era in Modern American Music Orchestra to Hershey Park's Starlight Ballroom Saturday, June 22.

Kenton recently became the third member to be elected to the Down Beat Jazz Hall of Fame, an honor established for outstanding musicians, who have contributed most to modern American music in the 20th century. Last year, for the fifth consecutive time, he was awarded the Playboy Magazine Jazz Poll.

The Kenton library reveals a probing eagerness into new musical area, running the gamut of thrust, vitality, harsh rebellion . . . then pulsating with profound sensitivity. For Stan, modern composition represents a carefully executed musical pattern, meticulously constructed within a sprawling framework that is synonymous with artistic tension . . . but a tension that is always under control.

The Allentown Band, under the direction of Albertus Meyers, will present free concerts at the park band shell Sunday, June 23, from 2 to 4 and 7 to 9 p.m.

New State Board Faces Big Decision

HARRISBURG (AP)—The decision as to what form, if any, religion will take in Pennsylvania public schools now rests with the newly-created but as yet unnamed state Board of Education.

The problem was tossed unknowingly into the hands of the one-day old education policy-making body Monday by the U. S. Supreme Court, which ruled that Bible reading in public schools was unconstitutional.

Dr. Charles H. Boehm, state superintendent of public instruction, interpreted the decision to mean the elimination of "religious rituals" in state public schools.

He added without elaboration, however, that "God and religion will remain in the schools."

WASHINGTON (AP)—The Community Facilities Administration announced Monday approval of a \$6,775 interest-free loan to help Shenandoah, Pa., plan a recreation center.

New York Orders More Integration

ALBANY, N.Y. (AP)—The New York State education commissioner called upon local school boards in the state today to break up predominantly negro enrollments in public schools.

Commissioner James E. Allen Jr. declared that "the racial imbalance in a school in which the enrollment is wholly or predominantly negro interferes with the achievement of equality of educational opportunity and must therefore be eliminated from the schools of New York State."

Allen specifically ordered the school board of Malverne on Long Island to eliminate by September the racial pattern of the Woodfield Road Elementary School which has an enrollment that is about 75 per cent Negro.

The Orioles and Dodgers remained in a tie for the number one spot in the Upper Adams Pony League after Monday evening's trio of ball games.

The New Oxford Dodgers won their second game in as many outings, turning back the Idaville Senators 9-0 in New Oxford. Joe Lawrence was the winning pitcher as he struck out 10 batters and allowed but two hits. B. Myers was the losing hurler, being relieved by Hickey. Larry Phiel and Wayne Klunk provided the big blows for the winners with home runs which accounted for five tallies.

The Orioles, after scoring three times in the first inning, pushed across a run in both the second and third frames to defeat the Red Legs 5-3 at Bendersville. Delmar Crum, who went the distance on the hill for the winners, struck out 17 men during the seven-inning tilt.

The White Sox scored three runs in each of the first two innings to take a 6-0 lead but the Giants came back to knot the count with six runs in the top of the third. The Giants went ahead with a run in the fourth and added security tallies in the sixth and seventh. P. Le-rew, T. Sanders and Wagner tossed for the Giants with P. Harbold working behind the plate. One of the children, Donald Gregor, 19, and his wife of about six months, Carol, had moved into the house Sunday. Donald left the house Monday morning to go to work at a nursery near Prospect. His wife left at 12:30 on an errand to New Castle for the elder Mrs. Gregor.

The other adopted children are Robert Gregor of Butler and Mrs. Jo Marie Maeckel of Dallas, Tex.

Coroner J. Clinton Atwell of Butler County said he received a telephone call shortly before 2 p.m. from a woman who asked him to go to the Gregor home. She talked calmly and gave directions, he said.

Atwell asked her what it was about, but she said only that he would see. The coroner called state police, then went to the home with a trooper.

When they arrived, everything appeared quiet, but the door was locked. They called Donald, who came and let them in.

Joseph Gregor was a parts manager for a farm implement store in Prospect.

CONEWAGO HAS FILLED POSTS

All teaching positions at Conewago Township Elementary School have been filled, according to a report by Principal J. Arthur Wolfe at a meeting of the board of directors Thursday.

Wolfe presented a statistical report showing an average daily attendance of 271; percentage of attendance, 96, and percentage of promotion, 95.

The board ordered payment of bills totaling \$12,730.36. President Clark H. Wildasin named Lewis Klunk, James Sneeringer and Wildasin to a committee to study the addition of a refrigerator in the cafeteria.

The board authorized administration of the Mantoux TB test for next term, to be sponsored by the Adams County TB Society. Metropolitan achievement tests were administered to all grades, it was reported.

The principal said that 28 preschool children were guests at an orientation period recently and 23 parents were given an explanation of the school health program by the school nurse, Mrs. Catherine Groft.

Mrs. Groft presented the nurses' report and the board authorized travel expenses of \$86.40 for the school nurse for the past year.

Lay In Stores: With the purpose in view of rendering any assistance possible in the transportation problem at the time of the battle anniversary celebration, Pennsylvania Railroad officials are in town today conferring with local railroad men and other citizens concerning conditions. They have sounded a warning which, it is believed, is most timely and should be generally heeded. One of the party in discussing conditions said "I want to send out a word of warning to all your citizens that it is very probable that few provisions can be shipped into Gettysburg during the week or ten days of the big business. It is imperative, therefore, that they lay in a supply of groceries, meats, canned goods, butter and eggs in ample time and this suggestion is made not alone to the stores and groceries but to every citizen in the town. We believe that every house in Gettysburg should have a sufficient supply of such provisions to last them for a week without any further purchases. All your stores should stock up heavily in order to be ready to supply a demand, which in all probability will be made as a result of the influx of visitors and every precaution should be taken to prevent even the semblance of a food shortage."

Veteran Ends His Long Hike:

Claiming to have walked the entire distance from Pittsburgh to Gettysburg since May 26, P. Guibert, a veteran of the Civil War, and John Conroy, an ex-Regular, arrived in town at noon today and are quartered at the City Hotel where they expect to remain until after the battle anniversary. The men show plainly the results of their exposure to the summer sun but apparently have suffered no ill effects from their long journey. Mr. Guibert is an expert on the life and drums and will give a free concert this evening in front of the hotel. He served in the 74th Pennsylvania at the Battle of Gettysburg and is a member of Post 88 G.A.R. He wears the Grand Army uniform and a small flag in his hat.

Prepare For Sickness: In answer to a query from State Health Commissioner Dixon, who is in charge of the hospital arrangements at Gettysburg during the celebration, Miss Gable, superintendent of the Chambersburg Hospital, has notified Dr. Dixon that the hospital there can care for 10 cases and, if necessary, double that number. Dr. Dixon will have a hospital tent at Gettysburg with 175 beds and an adequate staff of doctors and nurses. He will also have ten hospital automobiles. His idea is to send the most severe cases to Chambersburg or York in the autos in the evening.

A letter has been received asking where the school girls are now who stood on the sidewalks in 1863 and sang patriotic songs to the Union Soldiers as they marched through the town. Many residents of the town recall that when Buford's Cavalry rode in to Gettysburg before the battle a party of young women stationed at the Chambersburg, Middle, High and Breckenridge corners of South Washington street, sang patriotic songs as they rode by. The entire community had heard frequently of threatened raids, the Confederate cavalry had been in the town the day before, and all were overjoyed to see these Union troops here. At the time of the fortieth anniversary of the battle some of the ladies who sang in 1863 repeated these songs again for the benefit of the old soldiers present. Among those now living who were in the party at the time of the battle are the following: Mrs. S. M. Stewart, Baltimore St.; Miss Susie Myers, Williamport, Pa.; Mrs. William Tawney, Steinwehr Ave.; Miss Lillie McClean, East Middle St.;

Today's Talk

THE INNER THINGS
We live two — perhaps more — lives. But at least two. The one that we live within ourselves, and the other that we live among our fellows and associates. Rarely do we reveal the depth and full significance of the one, though the life we live among others is usually the one by which we are often judged and by which our life is appraised.

The inner things that pass through the mind at silent moments, or which lodge permanently within the heart, are the things which really control our lives. They are the things which give to us peace and what measure of contentment we earn. The outer things are what disturb us most — petty annoyances, useless worries, the unjust criticisms of friends or of people who do not know us or the opinions of others, distasteful scenes which cross our paths, and so many others.

The inner sorrows, hurts, struggles, joys, dreams, and all that silently come up during the silent hours of the day and night — these make up our true character — the one that we alone know best.

Judge no man or woman by his or her outer life. So many wear false faces and veneer their true personality.

A smile, a look from the eye, or just a handclasp, may tell more than volumes to the understanding mind and heart. You don't have to explain or go into detail, to some people. They see with eyes hidden and with a mind that needs no encyclopedia to interpret its meaning and intent.

So many of us exile ourselves from the true meaning and purpose of life, which is not to gain in a selfish manner but to store the heart, and enrich the mind, so that there may be much to give away.

God isn't interested in our bank account, our social standing, or our bid to fame! All he is interested in is that we make the most of our inner life, and develop it day by day — in every day.

Just Folks

CHANGE
Joy comes and goes.
A little while
We wear the smile.
June buds the rose
The bride shall wear
And life is fair,
But time shall bring
Life's hurt and sting.

All days must end,
The bright, the gray
Soon pass away.
The nights descend,
Change follows fast,
Skies overcast,
With all their dread,
Are swiftly sped.

And so with care,
It comes and goes,
A cold wind blows,
And chills the air.
The waste of doubt
Is strewn about,
Though scars remain
Times soothes the pain.

Nor hurt nor wrong,
Nor loss nor gain,
Nor mirth nor pain
Can last for long.

A thousand fears
Bestrew the year,
But in between
Are days serene.

HOLD MORE CIVIL RIGHTS CONFERENCES

WASHINGTON (AP)—President Kennedy continues today his extraordinary series of conferences on civil rights amid signs that some think he is going too far too fast—and some that he is not doing enough.

Ten governors were scheduled for a White House luncheon conference, following Monday's meetings with 250 religious spokesmen and congressional leaders, in Kennedy's continuing efforts to gain support for the civil rights proposals he plans to present to Congress Wednesday.

The President will see some 200 national educators Wednesday, and about 200 lawyers Friday.

AREA OF AGREEMENT

Monday's conferences produced opposing views from white and Negro churchmen on Kennedy's proposal for an interfaith racial committee, and some disagreement from Senate Republican leader Everett M. Dirksen on the planned civil rights proposals to Congress.

Dirksen said, however, that "there is an area of agreement on a number of items."

The point which may give Kennedy the most trouble in the expected rugged battle over his civil rights legislation is the proposal to outlaw segregation of accommodations, facilities and services of private business. Dirksen doesn't go along with him on this.

One white Southern religious leader, Dr. Albert Garner, reportedly told Kennedy "we have deep moral and religious convictions that integration of the races is morally wrong and should be resisted."

"INTIMIDATION"

Dr. Garner, president of the Florida Baptist Institute and Seminary of Lakeland, Fla., said many people in Florida "do not accept in silence back home, and will not accept at the polls, the segregation - be - damned attitude they feel is now being pressed upon them by intimidation and threats of federal agencies."

Another conferee, the Rev. Dan Potter of New York, said Kennedy's proposal for an interfaith council met with a generally enthusiastic response.

But a Negro leader, the Rev. Ralph Abernathy of Atlanta, said Kennedy's hope that such a council would encourage community leaders to seek better race relations would be like "putting a line on a cancer" in such states as Alabama and Mississippi.

He added, "We must have more action by the federal government." He said he wanted Kennedy to "come South on a good-will tour and interpret the law of the land."

FALLOUT TEST ENDS QUICKLY

HARRISBURG (AP)—A proposed two-day survival test in an underground fallout shelter ended Monday night when the 30 health experts participating emerged after 10 hours.

Plans to keep the group overnight in the chilly, dimly lighted tunnel were scrapped because of what officials called air problems. Health leaders conducting the experiment, however, called it a most profitable day which showed the men in the shelter what problems they would encounter in the event of a nuclear attack.

STARTED MONDAY

The men entered the tunnel, eight feet underground and seven feet wide by seven feet high, Monday morning.

They had 17 gallons of water, little more than a quart apiece, and six cans of rationed crackers, the equivalent of 45 each.

When they came out, more than half the water and food was still left.

Twenty iron chairs lined the grey walls of the 65-foot long shelter. The experts took turns sitting on the chairs, or cardboard boxes, or the cold, concrete floor. The floor also was to have been bed for the group. But there were no sheets, no blankets, no cots.

Michigan State's 1887 baseball team spent \$10 for a dozen baseballs and \$2 for umpires.

CLETE BOYER BLOSSOMS AS GREAT HITTER

By JOE REICHLER

Associated Press Sports Writer

NEW YORK (AP)—Clete Boyer, the man with the magic glove, feigns annoyance when he is lauded for his spectacular fielding.

"Why don't we talk about my hitting?" asks the fleet third baseman and sometime shortstop of the New York Yankees. "That's where they pay off, you know."

The younger of the two Boyer brothers in the major leagues, who hit only .242 and .224 in his first two seasons with New York, Clete has blossomed into one of the most dangerous hitters in the Yankee line up. A far cry from the first game of the 1960 World Series when he was lifted for a pinch-hitter in the second inning, the first time he was due to bat against Pittsburgh.

The 26-year-old Missourian boosted his average to .272 last year and currently is the leading hitter among the Yankee regulars at .316. This places him fifth among the league's top hitters.

"It was a matter of self-preservation," is the way Boyer explains his startling improvement at the plate. "I knew if I didn't learn to hit, I wouldn't be here long, no matter how well I did with the glove."

"How long can you hit .220 and continue to wear a Yankee uniform?"

Eastern League

By THE ASSOCIATED PRESS

Somebody should have told the Springfield Giants to look out for the first step. It's a long one. Since the Giants blew a crucial doubleheader with Charleston last Friday they've tumbled a full game from first place in the Class AA Eastern League.

Charleston wound up a six game series with Springfield Monday night handing the Giants a 2-1 defeat on a home run by Duke Sims, a triple by Augie Garrido and a sparkling performance by Tommy John (6-1). It gave the Indians an 11-2 home season record, their best in two years.

In other action, York's Jack Jenkins was touched for three home runs before he took matters into his own hands and slammed a two-run homer to give the White Roses a 9-5 victory over Reading.

At Elmira, the Pioneers pounded three Binghamton pitchers for 15 hits including Phil Barth's sixth home run to beat the Triplets 11-3. It was the fourth straight win over the Trips for Darold Knowles (6-3). He was shut out three times.

DIRKSEN ASKS CHANGES FOR CIVIL RIGHTS

WASHINGTON (AP)—Senate Republicans split today over a leadership effort to take the desegregation of private business out from under President Kennedy's proposed civil rights program.

Sen. Barry Goldwater, R-Ariz., gave his support to a proposal by Senate GOP Leader Everett M. Dirksen of Illinois to make the integration of business firms a voluntary community matter.

But Sen. Clifford P. Case, R-N.J., insisted in a separate interview that Congress has ample power to ban discrimination by businesses dealing with the public and "it should exercise the responsibility it has so long neglected."

ASKS COMPROMISE

Dirksen asked the Senate Republican Policy Committee to pass on his compromise proposal. He indicated that except for this feature he is prepared to go along with a civil rights package Kennedy plans to send to Congress Wednesday.

Kennedy scheduled a breakfast discussion of the proposals with Democratic leaders before talking them over with 10 governors, including four Republicans, at a luncheon conference.

Senate Democratic Leader Mike Mansfield of Montana said he believes he and Dirksen can get together to sponsor a bill which would include most of the administration's program.

Sen. Hubert H. Humphrey of Minnesota, assistant Senate Democratic leader, said this program would include a provision to outlaw segregation in public places and in firms dealing in accommodations and services which do a yearly gross business of \$175,000.

Other provisions would strengthen enforcement of voting rights, permit the attorney general to institute school desegregation suits, set up a community relations service and make the civil rights commission a permanent body.

STATE PLANS FAVORITE SON

WASHINGTON (AP)—A move to make Gov. William W. Scranton of Pennsylvania a favorite son candidate for the 1964 Republican presidential nomination won applause today from Sen. Barry Goldwater.

Sen. Hugh Scott, R-Pa., told a news conference Monday there is growing sentiment among local Republican officials that Scranton should have Pennsylvania's 64 convention votes pledged to him.

At Harrisburg, Scranton said he would be a favorite son candidate as a means of holding the state's delegation together at next year's convention. But, he added, "I want to make it perfectly clear that I am not a presidential candidate."

Goldwater, who is being boomed by some Republicans for the 1964 nomination, said in an interview he thinks that would be "a very wise move for Pennsylvania to make when there are no announced candidates."

"I think that any state that wants to should have its own favorite son candidate," the Arizona senator said. "Then the contest for the nomination will go down to the wire. This would make for an interesting, open convention that could do the party some good."

POLICE QUELL DISORDERS AT HARLEM RALLY

NEW YORK (AP)—A clash between Negroes and police at a Harlem rally Monday night touched off widespread violence and vandalism.

Patrolmen were called from four of the city's five boroughs to quell the disorder, which resulted in two stabbings and numerous other injuries.

PATROL HARLEM

The reinforcements patrolled Harlem streets today to try to prevent further outbreaks.

Police did not report any clash between Negroes and white civilians.

The trouble began at two Negro street rallies—both on 7th Avenue at 125th Street.

CHARGE CROWD

Police, some swinging nightsticks, charged into a crowd of 150 at a rally sponsored by the Black Nationalist movement and sent some participants sprawling to the street, bleeding. The others fled.

Police said they attempted to disperse the crowd after an officer on the scene was struck by a thrown object. Two patrolmen were slightly hurt in the melee.

About an hour before, police said, they cleared the street of 1,000 persons at a rally sponsored by another radical Negro movement, the African Nationalists.

Police said they acted after some persons in the African Nationalist crowd took the part of a vendor who was disputing with a patrolman. Bricks, bottles and stones were tossed before the crowd was broken up.

SANDY KOUFAX DUMPS GIANTS TO THIRD SPOT

Associated Press Sports Writer

There's just no stopping Sandy Koufax, the Dodger dandy who continues to mow 'em down, but this time found his catcher caught in the crossfire.

Koufax spun his usual assortment of fast and fast balls along with his good curve at San Francisco Monday night, scattering four singles in a 2-0 Los Angeles triumph that dropped the Giants from the National League lead to third place.

St. Louis, 3-1 winners over the New York Mets, took over the top spot by one-half game over the second-place Dodgers with the Giants another two percentage points back following Koufax' sixth shutout of the season and 10th victory.

ROSEBORO HURT

Koufax, however, made one mistake. He neglected to tell catcher John Roseboro he was coming in with a faster-than-fast pitch in the third inning and the Dodger receiver was forced to leave the game with an injured left palm. X rays were scheduled to see if there were any broken bones.

While Koufax was lowering his earned run average to a microscopic 1.63, Moose Skowron lifted his microscopic batting average to .235 with a two-run double off loser Billy O'Dell in the third inning that accounted for the only runs of the night.

Elsewhere, Willie Stargell drove in six runs with two homers and a single as Pittsburgh walloped Milwaukee 9-3 and Philadelphia used consecutive homers by Roy Sievers and Don Demeter for two runs in a 4-2 triumph over Cincinnati. Houston and Chicago's Cubs were idle.

STRIKES OUT 9

Koufax, now 10-3, struck out nine while going the distance for the ninth time this season.

Broglio, 8-2, was supported by a 15-hit Cardinal attack against starter Jay Hook, 3-7, and Galen Cisco. Bill White hit his 11th home run and Ken Boyer and Curt Flood each collected three hits.

Stargell led the Pirates' offense with a run-scoring single in the first, a two-run homer in a three-run sixth-inning uprising that snapped a 3-3 tie and a ninth-up shot with two on in the ninth.

Sievers hit a three-run homer and Demeter followed with a solo shot in the sixth inning that tagged John Tsitouris, 2-2, with the loss. The homers gave Ryne Duren a 4-0 lead, but the Phillies starter gave up single runs in the sixth and seventh and Jack Baldschun had to come on to preserve the victory.

16 COEDS IN GOLF TOURNEY

UNIVERSITY PARK, Pa. (AP)—Sixteen coeds were set to tee off today in individual match play of the 19th Women's Intercollegiate Golf Tournament.

No clear-cut favorite emerged from Monday's medal play. Claudia Lindor of Western Washington won medalist honors, but only after a sudden-death playoff against three others who tied her top score of 78.

With only two low scores from each team counting toward the team crown, Arizona State posted a 160 on rounds of 79 by Mary Lowell and 81 by Carol Sorenson.

Miss Sorenson is the reigning individual champion and will defend her title in the match play. Winthrop College and Rollins College posted scores of 173 to tie for second place in team competition.

Top 5 players:
Claudia Lindor, Western Washington, 39-40-78 (won four-way playoff for medalist honors).
Marlane Gable, Los Angeles State, 41-37-78.

Diana Hoke, Hood College, 38-40-78.
Jane Hawkins State University of Iowa, 37-41-78.
Mary Lowell, Arizona State, 38-41-79.

INDIANS ARE HOTTEST TEAM IN BASEBALL

CLEVELAND (AP)—The Cleveland Indians currently are the hottest team in baseball, but it's still a bit of a mystery what makes them tick.

The Indians have won five straight and 5 of their last 17 games, starting their hot spell with a doubleheader sweep over the New York Yankees June 2. In just over two weeks, Cleveland has jumped from ninth place, 9½ games back of the leaders, to a fourth place contending position and only three games out of first place.

The names of some of the heroes don't strike terror into hearts of opposing pitchers — Joe Azcue, Dick Howser, Fred Whitfield, Joe Adcock and Ted Abernathy. Except for Adcock the names usually draw an "who's he?" query.

And the Indians have turned torrid with a patched-up lineup after losing catcher John Romano (broken finger) and centerfielder Vic Davallio, a rookie sensation who was hitting .304 when he broke his arm six days ago.

ERRORS HELP

Cleveland provided an example of its "win-em-any-way-can" style Monday night. A two-base throwing error by Washington pitcher Jim Duckworth on Howser's slow roller to the right of the mound, a sacrifice and a balk produced a 1-0 victory.

Jack Kralick, who pitched the five-hit shutout, also has been a key factor in the Indians' rise. The former Minnesota left-hander, who came here in exchange for Jim Perry posted his sixth straight victory and pushed his record to 7-5. He has allowed only five earned runs in his last five games, throwing two shutouts in that span.

A five-run fourth inning featured the 10-5 victory gained by the Moose over the Gettysburg National Bank Wednesday evening.

Four hits, two walks and an error produced the big inning. The Bank scored three runs in the bottom of the first inning on two hits and three Moose errors.

In the top of the third Carl Swinn smashed a three-run homer for the Moose to deadlock the score. Swinn hurled the whole game for the Moose and turned in a steady performance despite five Moose errors. He fanned nine and allowed but four hits. Eugene Johnson and Greg Redding split the pitching for the losers.

Tom Ritter and Steve Williams each banded three hits for the Moose while four Bankers secured a hit apiece for the losers.

Senior division competition is for youngsters 13 to 15 years of age.

Strat said the decision to wash out Beckley stemmed from an alleged feud between local newspapers and the Beckley Elks Club over charges of racial discrimination.

One newspaper apparently claimed youngsters were being refused tryouts because of their race, he said. The Elks Club, which sponsors Little League baseball in Beckley, denied the charges.

The Giants retained their league lead as Jim Rebert and Doug Kump teamed to fire a one-hitter to set the stage for a one-sided 27-5 win over the Orioles Monday evening.

The lone hit for the Orioles came in the fourth inning when Joe McClellan blasted a triple to deep center driving in two runs. The Giants ignited the fire with a ten-run first inning highlighted by Doug Kump's bases loaded triple. Besides Kump, Mike Donaldson, Mike Sites and Danny Wyatt each banded out a pair of hits in the winning cause.

KILDARE FANS WILL SEE HERO IN NEW ROLES

By BOB THOMAS
HOLLYWOOD (AP) — Richard Chamberlain fans who have grown accustomed to his pace as the obedient intern Kildare are in for a surprise or two.
They are:
1. A feature movie, "Twilight of Honor," in which he plays a relentless defense lawyer who represents a client in an "unwritten law" murder trial.
2. Next season's "Dr. Kildare" on television, in which he will graduate to resident physician and be able to stand up to gruff old Dr. Gillespie.

Dick Chamberlain was finishing up 1, and getting ready to start 2, as he paused for a lunch in the MGM commissary. Unlike the grumbly Dr. Ben Casey, his counterpart on another network, NBC's medic seemed like a man at peace with the show world he plunged into a mere five years ago.

He didn't even seem terribly concerned about overwork, and exulted in almost a full week of vacation between the film and start of his third season in television.
Dick has been much pleased with the change of pace (and profession) in "Twilight of Honor" and he is delighted that he will move up from intern in the next season of "Dr. Kildare."

"A character can be interesting only if he is allowed to grow," he reasoned. "I would have been pretty tired to play Kildare the same way I did the first two seasons, especially in his relationship to Gillespie."

"Now I'll get a chance to be more firm in my judgments and to have it out with Ray Massey, if need be. I don't mean that I would be disrespectful. One of the things I found in research at UCLA was that the veteran doctors always commanded the utmost respect of the newcomers on the staff."

HOW MUCH LONGER

How much longer will he continue as Kildare?

"Ideally," he said, "I would like to do just one more season, then make another feature and then do a play—if someone would be foolish enough to hire me."

He was speaking ideally. It is highly improbable that MGM and NBC would cut loose one of its most valuable assets, Dick being firmly under contract for another four years. So he'll doubtless continue with his television practice, with his annual vacation devoted to making a feature for the theaters.

RED CHINESE WARN RUSSIA

TOKYO (AP) — Red China has warned Soviet Premier Khrushchev that pro-Chinese elements will oust him if he continues to favor peaceful coexistence with the West over violent Communist revolutions.

In a letter to Khrushchev and the Soviet party, the Chinese leadership outlined 25 issues it wants debated at the talks representatives of the two major Communist powers will open July 5 in Moscow on the Soviet-Chinese ideological dispute.

"If the leading group in any party adopts a nonrevolutionary line and converts it into a reformist party, then Marxist-Leninists inside and outside the party will replace them and lead the people in making revolutions," the letter said.

FRANK SINATRA IS SHAVED BY ANITA EKBERG

By BOB THOMAS
AP Movie-Television Writer
HOLLYWOOD (AP) — Once the leading show biz swinger, Frank Sinatra now appears to be pushing Perry Como for king of the relaxers.
Want to know how relaxed Sinatra is? He remained completely calm while being shaved by Anita Ekberg.

It was all for a movie, of course, a Western called "Four for Texas." And the razor was dull, of course. But under any circumstances such a shave would test a man's ability to relax.

After going at top speed for most of his 45 years, Frank seems to have found the secret of slowing down. Whereas he once appeared to be an opponent of fresh air, he is now an ardent golfer.

The change in the Sinatra way of life was signaled by his move from his mountaintop bachelor's place to his home in Palm Springs. He has followed the move of Red Skelton, Dinah Shore and other stars who now make the desert their permanent home. He maintains a flat here for use when he is working.

COMPLETE RELAXATION

"The life down there is wonderful," he remarked after the Ekbergian shave. "It's the only way I can get complete relaxation. Even if I try to stay home at night here, something always comes up so I have to go out. Down on the desert nobody can get to me. It's surprising what a difference that much distance can make." He covers the 125 miles in 27 minutes by his private plane.

"I have my own 'hot line,'" he explained. "It's a telephone system that connects me immediately with any office I want to talk to. I had to do something like that. The regular telephone charges were killing me."

"It's something I haven't been able to do in recent years," he said. "Now I'm catching up on all the books I missed. I generally like to have five books going at the same time, reading pieces of each one. I go back three pages—if it's a difficult book—and I can pick up the thread."

A Lovelier You

By MARY SUE MILLER

QUICK HIP REDUCER. A lovely writes: The bathing suit that I once could slither into, I

now have to wiggle into. It's the old hip problem. The five pounds I gained last winter all settled in my hips. Please, a quick reducer!

The Answer: When you are only a bit overweight the hips can be slimmed to normal within three weeks. The trick is turned by a combination of diet and exercise. You must take the double dose. For diet alone gives no guarantee as to where you lose weight. The direction losses take is controlled by spot-directed exercise.

For resultful dieting, limit your intake to 1,200 calories daily until you have lost the extra weight. This should require not much more than two weeks. During those weeks and one more thereafter, perform the following hip-reducing exercises—15 minutes, morning and night:

1. Back down on floor, clasp knees to chest with arms. Briskly rock from far side to far side on upper hip. 2. Sit erect, legs straight out and roll from side-hip to side-hip. If need be use hands for balance and push. Work for speed and smooth action.
3. Stand and alternately swing legs back and up as high as possible; hold raised position and contract hip muscles for five slow counts. 4. Standing with back pressed to wall tense and relax hip muscles.

HIP REDUCING ROUTINES

You can diet until you become feather-light and still be hip-heavy. Reduction in the hips is assured only by exercise. For a set of quick and effective ones, send for my leaflet, HIP REDUCING ROUTINES. SUNDAY SHOW LEFT MUCH TO BE DESIRED

By CYNTHIA LOWRY

AP Television-Radio Writer
NEW YORK (AP) — An NBC camera crew, following a San Francisco detective for 21 days and nights, attempted to patch together a realistic portrait of police work. Unfortunately for reality, Jack Webb in "Dragnet" and the detectives in "The Lineup" did it better or, at any rate, more satisfyingly.

The real-life detective in Sunday night's "Show of the Week" got around a lot—to a slashing, to a strangling, to the aftermath of a fight, to jails, to interrogation rooms, to Skid Row. He kept questioning people—some of them obviously drunk—but he almost never let them answer his questions.

MUCH LACKING

It seemed apparent that most of the time the detective was talking cautiously for the camera, explaining things that didn't need explaining, moralizing earnestly.

MAYO DOCTOR SCORES M.D.'S AT AMA MEET

By FRANK CAREY

Associated Press Science Writer
ATLANTIC CITY, N.J. (AP) — A Mayo Clinic doctor has criticized certain physicians who he says give short shrift to patients suffering from psychosomatic illness.

Dr. Edward H. Rynearson, declaring that "more than 50 per cent of the patients in any waiting room are there because of the vicissitudes of life," said such people may not have any organic disease.

Yet they are experiencing real symptoms, including pain, "as the result of the pounding inflicted by life," he said.

AT AMA MEETING

He told the opening session of the American Medical Association annual meeting Sunday night:

"Some physicians simply are not interested in finding the time to see these patients. Such a patient often winds up in the office of a quack or a cultist who will take the time."

"This lack of interest is sometimes due to the fact that the physician has more problems than the patient."

MEDICINE AND RELIGION

Rynearson made the remarks during a special AMA program on "Medicine and Religion."

Six Girls Are Killed When They Drive Their Car Into Path Of Train

ASHTABULA, Ohio (AP) — The path of a speeding freight train early Sunday, killing all six girls.

Two boys, following the girls' car on motor scooters, told police that flasher lights were working at the crossing in nearby Geneva, when the car pulled onto the tracks, directly in the path of the Nickel Plate Road train.

The 89-car freight smashed the car into a tangle of twisted metal, and stopped a mile down the track with part of the car under the engine.

The victims, all close friends, were Sylvia Sanker, 18; Jennie Angelo, 21; Darlene Muzenic, 21; Sondra Van Sack, 18; Julianne Palko, 20, and Barbara Cowan, 19.

The girls left Youngstown Saturday morning to visit a friend's lakefront cottage. They had planned to stay overnight, but later decided to return home for Father's Day, a relative said.

Hold Solemn Mass For Late Pope John XXIII

VATICAN CITY (AP)—Envoys from around the world he tried to guide toward peace mourned Pope John XXIII Monday at a solemn Requiem Mass under the soaring dome of St. Peter's Basilica.

An empty symbolic coffin was on a somber black catafalque, ringed by 96 flickering candles.

Sitting near the catafalque were the envoys of 81 nations and world organizations. They included Vice President Lyndon B. Johnson of the United States, Prime Minister Sean Lemass of Ireland, Prince Albert of Belgium and the foreign ministers of France and West Germany.

Pope John had sought Christian unity. Today, for the first time in nearly 1,000 years, representatives of the Russian Orthodox Church attended a funeral Mass for a Roman Catholic Pope.

The triple-crowned tiara of the papacy, silver and gold studded with precious stones, rested on a cushion atop the coffin, shimmering in the candle glow.

Pope John was buried in a crypt beneath the basilica on June 6, three days after he died. The solemn state funeral was the last in a series of requiems held in St. Peter's during nine days of official mourning at the Vatican and throughout the Catholic world.

COURT DENIES BANK MERGER

WASHINGTON (AP) — The Supreme Court decided Monday merger of the Philadelphia National Bank and Girard Trust Corn Exchange Bank, both in Philadelphia, would violate antitrust law.

The case was the first in a series in which the Justice Department has attempted to stop the mergers of banks on antitrust grounds.

Justice Brennan delivered the majority decision.

Justice Harlan dissented in an opinion in which Justice Stewart joined.

Justice Goldberg in a separate memorandum said he dissented from the court's holding that the Clayton Antitrust Act applied to the proposed merger, but added, "I wish to make clear that I do not necessarily dissent from the judgment invalidating the merger."

CLARK URGES \$300,000 FOR JUNIATA DAM

Associated Press Special Service
WASHINGTON (AP) — The House Appropriations Committee was asked Monday by Sen. Joseph S. Clark, D-Pa., to approve \$300,000 plan and design a proposed dam and reservoir near Huntingdon, Pa.

Clark said in prepared testimony that such a sum could assure an earlier start on the project proposed for the Raystown branch of the Juniata River.

The project, Clark said, will serve as one of the key reservoirs in the proposed comprehensive development program for the Susquehanna River basin.

CONSTRUCTION ESSENTIAL

"Its construction is essential for the industrial survival of the Juniata River Valley," he said.

The dam, he said, would be a multi-purpose structure serving for flood control, water flow regulation and stream pollution.

Elimination of the flood peril could insure retention of the American Viscose Corp. plant at Lewistown, Pa., which has threatened to move out unless something is done about repeated flooding in that area, Clark said.

RECREATION AREA

Further, he said, the proposed 40-mile long reservoir on the Raystown branch could serve as the heart of a vast recreation area which could boom the tourist business and provide new jobs.

"Upon this reservoir many of our hopes for developing new enterprise and employment in Pennsylvania's Appalachian Mountains are based."

"If the Raystown reservoir is constructed as authorized last year, the flood stage at Lewistown would be reduced by seven feet, and the annual damages would be cut by \$15 million—which would be 77 per cent of the damages which would be suffered if the dam were not constructed."

WIDE BENEFITS

"Throughout the lower Susquehanna, all the way to the state capital at Harrisburg, the flood control benefits to be derived from the Raystown reservoir would be felt."

"Reservoir releases during low flow periods would aid fish life along the Juniata and Susquehanna Rivers, and would provide additional water during these periods for the operation of fish ladders at the downstream investor-owned power dams on the Susquehanna, should these fish ladders be installed."

Clark noted that studies now are underway by the U.S. Department of the Interior and the Commonwealth of Pennsylvania which "probably will lead to the construction of such devices."

"All told, the benefits from low flow should amount to at least \$175,000 a year," said Clark.

The Susquehanna River basin survey already underway will take four to five years to complete, Clark said, but it is totally unnecessary for us to delay the construction in the basin while the survey is underway."

Al Barlick Will Resume Umpiring

NEW YORK (AP) — Al Barlick, who suddenly quit early Sunday as a National League Umpire, is coming back to work.

National League president Warren Giles issued a terse statement Monday which said:

"I talked with Al Barlick this morning and the misunderstanding has been cleared entirely but I asked him to spend two or three days relaxing with his family. He will rejoin his crew at Chicago June 21."

Barlick was at his home in Springfield, Ill. He had declined to comment on his sudden decision to quit.

WILSON SAYS MAC GAMBLED WITH NATION

LONDON (AP) — Opening debate in Britain's biggest political scandal of the century, opposition leader Harold Wilson accused Prime Minister Harold Macmillan of "gambling with the national security."

Wilson, 47, said the illicit affair between resigned War Minister John Profumo and party girl Christine Keeler and its outcome were "a triumphant success for the Soviet espionage authorities."

He declared this was true if only because of its impairment of confidence between Britain and its allies.

"Either the security services knew and deliberately withheld the information from the prime minister — in which case heads have to roll — or they did not know, and if they did not it is a fair question to ask why," said Wilson.

Repeating for the government, Macmillan acknowledged that "a great shock has been given to Parliament and indeed to the whole country" by the Profumo affair.

"To me as head of the administration," he told the House, "what has happened has inflicted a deep and bitter and lasting wound."

"I find it difficult to tell the House what a blow this has been to me, for it seems to have undermined one of the very foundations on which political life must be conducted."

STATE GUARD RETURNS
HARRISBURG (AP) — Pennsylvania's citizen soldiers, members of the 28th Infantry Division, Army National Guard, returned to their civilian jobs Monday following two weeks of active duty military training in Virginia.

The 9,000 guardsmen arrived at their home stations over the weekend in a motor movement that included 20 convoys with a total of 1,600 vehicles.

DREXEL HILL, Pa. (AP) — Neil Curtis, Bethlehem, and Steve Beik, Swarthmore, won the Philadelphia and District 16-and-under tennis doubles title Sunday by defeating Mike Mullan, Springfield (Delco) and Matt Bellis, Philmont (CC), Bethayres, 6-8, 7-5, 7-5.

SCHOOL BILL IS UNDER FIRE IN HARRISBURG

HARRISBURG (AP) — Democrats were expressing their disappointment over the present form of the controversial school district reorganization bill today.

The bill is expected to come to a vote in the Senate this week.

There were indications that the minority party would attempt to make the measure more strict, particularly with regard to student population of a reorganized district.

GOP SEEMS SOLID

Republicans, however, were reported lined up solidly in support of the proposal as it now reads.

After months of study and revision, the Senate Education Committee sent the bill to the floor two weeks ago with a key clause that would permit school districts to reorganize on the basis of 953 standards.

Democrats contended this would allow new districts to be formed with pupil populations as low as 400 to 500 students.

PRESENT LAW

The present school district reorganization law enacted when the Democrats were in control in 1961, provided for mandatory re-districting into units with no fewer than 4,000 pupils under normal conditions or 2,500 in extreme cases.

Gov. Scranton's bill, amended by the Senate, would have delayed the effective date of final reorganization a year until 1966. It also would have relaxed the number requirements somewhat and would have allowed exceptions for quality districts.

Even Scranton expressed his dismay at the GOP-fostered amendments. However, he apparently has not been able to sway the GOP delegation to his thinking.

Senate Majority Leader James S. Berger gave an indication of the situation at the moment when he said over the weekend:

"I think with the work done on the bill by the committee, we'll be for it as written."

Sen. Martin J. Silvert protested for the Democrats.

"I think that's bad because it will permit some districts with 400 or 500 pupils in them."

"In addition, some counties already have indicated a willingness to go along with larger districts and have formulated plans. For instance, one county proposed a single district with 6,800 pupils. Under the amendment that plan would be broken into five districts."

"The amendment is going to delay the main idea of re-districting for a long time."

Silvert said the Democrats "could live" with the amended bill without the 1953 clause even though it doesn't provide a minimum number of pupils per district.

"But it still has compulsion and it describes what school districts should have in the way of libraries and other facilities," he added.

Both houses reconvened at 3 p.m. EDT, advancing their starting times in the first stages of the drive toward final adjournment.

PHILADELPHIA (AP) — Left-handed pitcher Jim Miller, signed by the Philadelphia Phillies for a large bonus, will report to the club's Miami farm team in the Florida State League Wednesday. Miller, who was graduated from Easton, Pa., high school last week had a 20-4 record in scholastic ball. He struck out 300 batters—22 in one game—during his scholastic career.

CONSHOHOCKEN, Pa. (AP) — Tom Green, former Villanova linebacker, was named head football coach at St. Matthew's High School Saturday. John Hanrahan, former West Chester State college player, was appointed an assistant.

Scoutmaster Wolfe presented merit sashes as follows: insect life and swimming to James Rohrbach; nature, personal fitness, public health, safety and camping to Gerard Altoff.

Four Scouts, Donald Crabbs, Ronald Crabbs, Thomas A. Harner and George Peart, were transferred from the troop to the post. Five camping trips were enjoyed in addition to the entertainment of the blind troop last weekend and the two weeks trips to Canada. There were compass and map reading hikes, field trips to Philadelphia and New York City in addition to the social and service events. Twenty-three Explorers are registered, together with 11 committeemen and four associate advisors. Nine merit badges were awarded during the year and Explorer Larry Altoff is eligible for two which will be presented when they arrive.

All those persons present who helped plan the weekend visit of Troop 103 last week were recognized and a letter from Warren H. Pope, president of the Chester County Area Council, received by Post Advisor Frock was read by him. It stated "as a participant, as a member of the troop committee and as president of the Chester County Council of Boy Scouts, I want to thank you and your boys for the wonderful experience you gave our boys from Royer Greaves over the weekend. I am certain that they will never forget Gettysburg; I am even more certain that I shall not."

sons to participate in the weekend camporee.

2ND IN FAMILY

Melvin Worley, York Springs, who is district chairman of the Black Walnut District, was invited to the charter presentation to make the Eagle presentation. He read the achievement record of Scout Robert Altoff and the 21 merit badges he earned to become eligible for the Eagle award. The award itself was presented to his mother to be pinned on his uniform and the "Citation to an Eagle Scout" was presented to his father, to be given to him. His older brother, Larry, received his Eagle award in February, 1962, and his younger brother, Gerry, has completed the merit badge requirements, but has yet to pass a board of review.

ROGERS SPEAKS

Stanley C. Rogers, field representative of the Black Walnut District, spoke briefly, congratulating the pack, troop and post leaders and members on their achievements during the year. He announced that Explorer Larry Altoff will be a delegate to the Explorer conference at Penn State on June 24, 25 and 26 and Dr. Richard N. Greenholt, recently appointed assistant district commissioner in charge of Explorers, will be his advisor for discussion group chairman on "Know-How" for Cabinet Representatives." Rogers presented an article from the Russian publication "Pravda" ridiculing Boy Scouting in all of its phases and explained the dangers which could arise from such thinking.

In conclusion, Chairman Long announced that any boys of the community, ages 8 to 18, who are interested in joining one of the Scout organizations, may do so by contacting one of the leaders. He also announced that the community swimming program cannot be held this year, with no pool available. Parents desiring swimming instructions for their children should contact the Red Cross.

Racial Disputes At Home, Numerous Problems Abroad Imperil Kennedy's Junket

BY JAMES MARLOW
WASHINGTON (AP)—The main point in the dispute over President Kennedy's trip to Europe next week—he's been criticized for it—comes down to this: Is it worth the time and trouble? Probably not.

It doesn't figure to do any harm either. But it's about the most poorly planned trip Kennedy has made.

McGeorge Bundy, one of his top White House assistants, said Sunday the journey had been under consideration for a year. But since the consideration started things have changed in Europe and at home, too.

PEP UP ALLIANCE

He'll fly to Germany next Sunday and then go to Ireland, the home of his ancestors, and then to Britain and Italy but not to France. The purpose is to pep up the Western alliance.

Since President de Gaulle of France has shaken the alliance more than anyone or anything, he would seem the one who most needs talking to. But De Gaulle didn't ask Kennedy to stop by.

The President will be leaving here at a time he calls critical for this country, meaning the racial dispute.

CIVIL RIGHTS BILL

It hasn't subsided. Kennedy will set out for Europe not long after handing Congress a package of civil rights bills which will start such a fight that Congress may be here till next winter.

Germany, Britain and Italy—from the standpoint of long-range talking to the government leaders there—are pretty much in a shor range and gummy kind of condition.

In Germany Kennedy will talk to Chancellor Adenauer who may quit in another couple of months. So Kennedy will also have to talk to Ludwig Erhard, who is slated to be Adenauer's successor. This, then, in no funny sense, will be double-talk.

LONDON SITUATION

In London Prime Minister Macmillan's government has been so shaken by a sex scandal that it's possible Macmillan himself won't be in office by the time Kennedy gets there.

The roof fell in when Macmillan's secretary of state for war, John Profumo, resigned after admitting he lied in denying any improprieties with Britain's biggest sex symbol in the Profumo-Keeleer.

Even without the Profumo-Keeleer exposure, Macmillan's government was on such shaky ground it may not survive the next election fight with the Laborites. They may get peeved at Kennedy if they think his visit helps Macmillan.

DEATH OF POPE

Kennedy will be walking into just as much confusion in Italy. He was supposed to visit Pope John XXIII but Pope John died.

A new Pope may have been chosen by the time Kennedy gets there—the cardinals start voting Wednesday—but that won't give him much time to get adjusted before seeing Kennedy. That part of Kennedy's trip may have to be called off.

There's even more uncertainty about the Italian government itself. Aldo Moro, premier-designate of the Christian Democrats, is trying to form a left-of-center coalition government, but Parliament

ment has to approve.

POSSIBLE EXPLOSION

While he's away, Kennedy can't even imagine what kind of racial explosion may burst in this country. He can hope it won't but he won't be here to do anything about it if it does.

As for the civil rights program he hands Congress this week, that's a struggle he can tackle when he comes home. If he fights hard for it, it may cost him Southern states in the 1964 presidential race; if he doesn't, it may cost him a lot of Northern Negro votes in 1964.

What started out as a kind of dull year turned mean, sour, and rough.

Today's AP News Digest

Washington

The Supreme Court's sweeping decision outlawing required Bible reading and prayers in public schools appears to have been accepted with little commotion.

House tax writers shuffle their schedule to give themselves more time for their big decision on cutting tax rates.

Racial

Thousands of Negro students protesting de facto segregation boycotted junior and senior high schools in Boston, Mass.

President Kennedy continues his conferences on civil rights.

International

Soviet cosmonaut Valery Bykovsky's space flight appears to be drawing to a close.

Pennsylvania

Legislative Democrats plan one last attempt to prevent horse breeder Lawrence B. Sheppard from continuing as chairman of the state Harness Racing Commission.

Senate Minority Leader Charles R. Weiner says the party caucus will support amendments to a bill that would prohibit politicians and public servants from holding financial interests in race tracks.

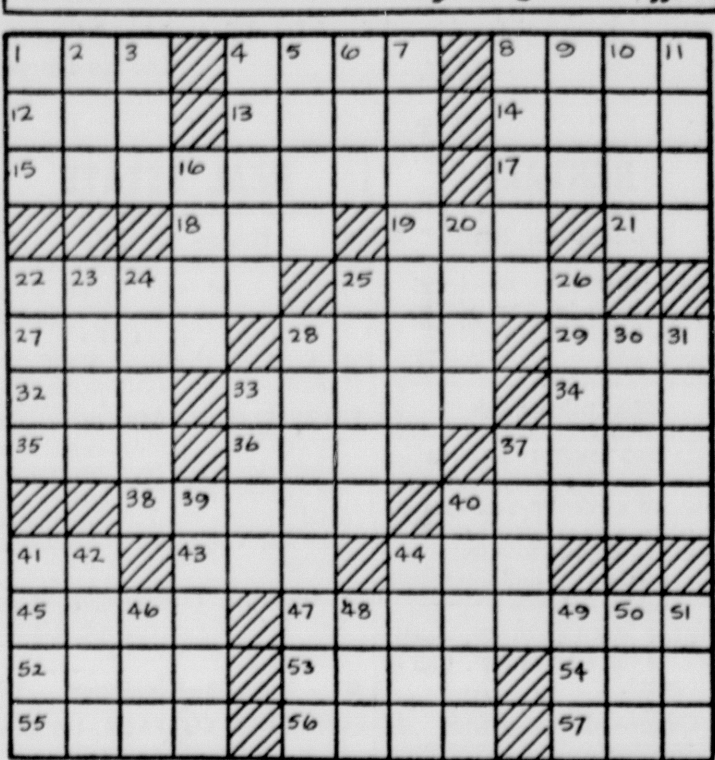

Gov. Scranton swings back in the GOP presidential nomination sweepstakes as a favorite son candidate. The governor said he would assume the favorite son role "as a means of holding the (Pennsylvania) delegation together."

Pennsylvania expects to begin an experiment in foreign trade by July 1. State officials hope that a division of foreign trade promotion will be established in the Commerce Department to stimulate and direct Pennsylvania industries in utilizing markets abroad.

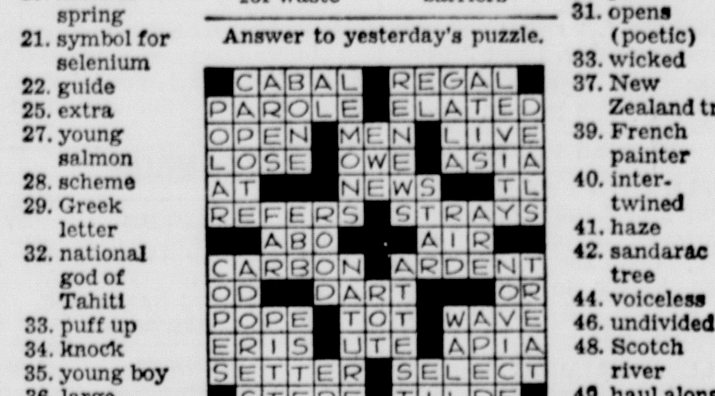

A woman described as "a nice person... who would do anything for you" fatally shoots her five children and husband, then kills herself near the Butler County town of Prosper.

Wage Policy Committee of the United Steelworkers Union convenes in Pittsburgh today to decide on whether to reopen negotiations on current basic steel contracts. Speculation is divided. Some say an informal agreement has been reached; others think negotiations will be reopened.

ASKS SILENT MEDITATION TO OPEN SCHOOLS

HARRISBURG (AP)—State Superintendent of Public Instruction Charles H. Boehm recommended today that public schools in Pennsylvania begin their day with a period of silent meditation.

His recommendation followed a U. S. Supreme Court decision which ruled that Bible reading was unlawful. Boehm said he interpreted the decision to "mean the elimination of religious services and rituals" in public schools.

He said: "In view of the Supreme Court decision, it is imperative that we take positive steps. To this end, I will recommend that opening exercises in our schools begin with a period of silent meditation followed by inspirational music, art of literature.

"This opening period should accent our heritage, aspirations, great moments in our history, beauty in all its forms, ethical and moral values. We are going to consult with scholars from the four major religions and other scholars on important matters relating to religion and the curriculum. In Pennsylvania, we interpret the decision to mean the elimination of religious services and rituals, but God and religion will remain in the schools."

Mercury Experiences Aids Two-man Gemini Program For Man-to-Moon Effort

EDITOR'S NOTE — Project Mercury left a vast legacy of experience and knowledge for future space flights. Howard Benedict, AP correspondent at Cape Canaveral, reports on Mercury's important contributions in the second of three articles.

By HOWARD BENEDICT

CAPE CANAVERAL, Fla. (AP)

—Project Mercury's original cost estimate of \$200 million soared to more than twice that figure because of unforeseen problems sending men into space.

There are few who will dispute the high price tag. For Mercury—now officially ended—left a vast legacy of experience and knowledge which is being applied to the two-man Gemini program. Gemini will lay the groundwork for the Apollo man-to-the-moon effort.

Mercury's most important contribution was its demonstration that man can effectively perform useful tasks in space even after long exposure to weightlessness.

MAN PROVES SELF

"I think we proved man is a pretty good backup system to all these automatic systems," Air Force Maj. Leroy Gordon Cooper Jr., commented after his 22-orbit flight which climaxed the program last month.

Jerome B. Hammack of the National Aeronautics and Space Administration's Manned Space Flight Center, said: "Man as a positive factor contributing to mission success in the space environment has proven himself in Project Mercury."

As a result, he added, the Gemini and Apollo spacecrafts are

being designed to place more reliance on pilot control.

CARPENTER COMMENT

Navy Lt. Cmdr. Malcolm Scott Carpenter, who demonstrated man's capability when trouble forced him to manually steer his spacecraft back to earth last year, said:

"The Gemini missions are going to require a great deal of astronaut control from the launch to the recovery phase. Although we will be aided and backed up by the same flight operations team that has made our Mercury flights so successful, pilot decision is going to play a larger part in the space flight missions of the future."

NINE NEW ASTRONAUTS

Gemini inherits the operations and management structure which pushed Mercury to conclusion—the worldwide communications and tracking networks, recovery techniques and the men who called the shots, such as director Robert Gilruth, operations director Walter Williams and flight director Chris Kraft.

Gemini also acquires the Mercury astronauts, plus nine new astronauts who have been on the sidelines.

Mercury produced a storehouse of medical data from which have been drawn medical trends and general physiological information. Mercury also paved the foundation for scientific observations in space.

Gemini engineers learned many design lessons from Mercury, most important of which was that spacecraft systems must be positioned so they can be worked

on or replaced with minimum disturbance to other systems.

OTHER PROCEDURES

Experiences with Mercury also influenced these Gemini design and checkout procedures: —Use of identical checkout procedures and checkout equipment at both the manufacturer's plant and at Cape Canaveral.

—To eliminate the numerous electrical problems which cropped up on Mercury, Gemini will obtain electrical power from a chemical fuel cell which will convert hydrogen and oxygen to heat water and electricity. Mercury employed silver zinc batteries which sometimes produced trouble-causing transient voltages.

—Gemini will have a new type propulsion system to operate the jets which control the spacecraft's roll. The fuels—a propellant and an oxidizer—ignite on contact in thrust chambers. No catalyst or spark is required, thus eliminating the danger of explosive decomposition posed by the hydrogen peroxide used in the Mercury capsule.
